

8. TOEFL Junior

In early December last year, there were almost eighty P5 and P6 students who enrolled in TOEFL junior. The examination covers four areas of language application: listening, speaking, reading and writing. Through the examination, students can further understand their English ability. Congratulations to those who have achieved good results! We hope that they will continue to work hard and challenge themselves to embody the Shi Wan Family's spirit of "I can do".

9. Open Writing Contests

In order to enhance students' confidence and interest in English creative writing, we provide opportunities for students from different levels to take part in different open writing contest every year. In the 2019 Asian English Usage Contest and the Canadian English Writing Invitational Contest, we won a total of 11 gold, 28 silver and 142 bronze. We also got the second place in the primary school group of the 2019 Canadian English Writing Competition.

10. Outing Activities

It is another kind of precious experience to enjoy English performances in the public. Therefore, we arrange students to watch the events in different venues and cultivate their learning culture.

2. English Happy Recess

We have fun every recess, but only Wednesdays have English Happy Recess! The NETs plan new and exciting activities for the students to enjoy every Wednesday, and each activity is built on that month's theme. They can be crafts, games, challenges, and more. For example, a New Year Goal theme in January and animals as the theme in March. All students can come and try their luck and maybe even win a great prize!

Diversified Learning Experience in Shi Wan Family

1. English Experience Day

Our 2019 English Experience Day on 4th April was a great success! Like last year, we transformed parts of our campus into a little town for students to role play authentic English conversations. In addition to a clinic, a cinema, a sweet shop and a stationery shop, we added an airport, a cafe and convenience stores for students to experience as well. This allowed students to have authentic English conversations while doing activities, such as buying a plane ticket in the airport, watching a film in the cinema or seeing a doctor to describe an illness. Each of our English Ambassadors wore costumes and acted out different roles to provide students with a realistic experience. English Experience Day was full of fun and educational!

3. Morning Storytelling

English Morning Storytelling takes place before morning assembly. Mr. Joshua and Miss Felicity bring storybooks to the reading corner to read with the students. We have lots of different books, so they are always new and interesting for the students to listen. This is a great way to help students enjoy and share our love of reading. We have books for all levels of students, so everyone can take part in and listen English stories!

4. Buddy Reading

Every lunchtime the English Ambassador Teams invite the P1 students to the English Room to share stories in English. The English Ambassadors can demonstrate their presentation and English skills, and P1 students enjoy personal story-time with their English buddies.

5. Rugby English Active Learning Programme

Rugby English Active Learning (REAL) provides opportunities for students to explore topics related to sports with their rugby coaches, whilst totally immersed in an English speaking, fun environment. Our upper students gain an understanding of the rules and regulations of rugby, about teamwork and then have the opportunity to put this newly learnt knowledge into practice with the expert coaches.

6. 70th Hong Kong Schools Speech Festival

This year, over 80 students joined the 70th Hong Kong Schools Speech Festival. All of them have worked very hard to prepare for this competition and we are so proud that our Junior Choral Speaking Team got the 3rd Place. In the face of intense competition, our junior students showed an incredible sense of passion and commitment, and managed to perform to their best. Their concerted efforts are greatly appreciated.
