By Mr. Duncan, Miss Greta and Mr. William

Mr. Duncan

My favourite sport is volleyball! It is a fun sport! The aim is to hit the ball over the net. If the ball touches the floor on your side of the net then you lose!

In volleyball, you need to jump as high as you can to hit the ball over the net. Here is a picture of me jumping to hit the ball!

This is me and my university volleyball team! Can you find me in this picture?

Miss Greta

My favourite sport is skiing! To ski you need a pair of ski poles and a pair of skis to go on your feet! Here is a picture of me with my friend when we went skiing together.

It is very cold when you go skiing, so you need to wear lots of warm clothes, like hats, scarves and very warm coats.

This is a picture of my favourite mountain to go skiing on! We ski on snowy mountains. You slide down from the top to the bottom!

Mr. William

My favourite sport is running. I have always loved running. I like to run at the park, at the beach, on the roads or on around a track.

This is a picture with my family just after I ran a marathon in New York. I ran for 4 hours without stopping! It was very fun but very hard work.

Can you remember Sports Day at school? Mr. Duncan and I ran in the race! I came second and it was great fun! All the students were cheering very loud!

Here is Mr. Duncan and I after the race at school! We are standing on the podium with our medals!
