## Music From Our Countries

By Miss Alex, Miss Elaine, Miss Catherine and Miss Sandy

Music is a great way to connect the world. Let's learn about the music from our NETs' countries.

Music from Ireland is called Irish traditional music. There are different instruments such as the tin whistle, the **bodhran** (like a drum), the celtic harp, the fiddle (this is what we call the violin) and many more!

I have played it on the fiddle before. It is lots of fun. One of my favourite songs is called "I'll Tell Me Ma". It is about a very beautiful girl from my home city, Belfast!

Scan the QR code to listen to "I'll Tell Me Ma."

the fiddle

bodhran

tin whistle

celtic harp

Another Irish traditional song I love is called "Down by the Salley Gardens." This song tells us to be nice. It is a sad song, but it is very beautiful. I hope you enjoy listening to Irish traditional music!

Scan the QR code to listen to "Down by the Salley Gardens."

Music is a way for people to express their feelings to the world. One of the ways Filipinos used to play music was with a **kubing**, a bamboo jaw harp.

Scan the QR code to listen to a kubing.

kubing

A kubing looks like a stick. You play it by putting it on your lips and tapping the end of the stick while changing the shape of your mouth at the same time! It makes a boing boing sound!

If you want to learn the Filipino alphabet, try and sing along to our version of the ABC song! Listen and you might have it stuck in your head!

Scan the QR code to listen to the Filipino alphabet.

## Miss Sandy

Who doesn't love music? Luckily, there are different kinds of music. [sitar](#)

In India, we have Carnatic music and Hindustani music. We use traditional musical instruments like [sitar](#) (like a guitar) and [tabla](#) (like drums).

My favourite song is "Mishra Bhairavi Thumri". It is very relaxing. It is a song about a girl who is missing someone very much. [The song teaches us that it is important to spend time with our family and friends.](#)

Scan to listen to "Mishra Bhairavi Thumri."

## Miss Elaine

In Canada, a lot of of people originally came from Scotland. This is why we can hear people playing the [bagpipes](#) during important celebrations. This musical instrument comes from Scotland. Bagpipes have a big bag that holds air with some tubes called flutes on it.

[bagpipes](#)

Scan to listen to the Canadian national anthem.

The player blows into the bag to keep it full of air. To make music, they squeeze the bag and the air will come out of the flutes!

Bagpipe music is very **loud!** Some people **love** it and others think it is too **noisy!** Listen to some bagpipe music and see what you think! Do you enjoy it?

Next time, when you see your friends and family members ask them what their favourite traditional music is.

Unscramble the words and match them to the correct picture.
